Subject: Canon iR1025iF Pricing
Attachments: iR1025iF Clay County Sheriff's Dept..pdf

Kenny,

Attached are prices for the Canon iR1025iF. The State of Texas TPASS program that you got your copier on and the rest of the county's copiers is no longer available. I am using special pricing for State and Local Governments. The lease rates are Municipal Lease Rates. What that means to you is no property tax and \$1.00 purchase options at the end of the lease terms quoted. So if you put it on a 36 month lease it would cost you \$49.76 per month for 36 months then you own it. You can continue to operate it paying only maintenance on it for as long as you choose to keep it.

The maintenance is \$300 per year and includes toner. Copies are allocated at 3,000 per quarter. If you run over 3,000 in a quarter overage is billed at \$0.02 per copy.

Let me know if you have any questions. I have these in stock if you want to stop by my office and look at one when you are in town.
