TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT RENEWAL
PERMIT NO. WQ001047003

APPLICATION: City of Petros, P.O. Box 154, Petros, Texas 76777-0154, has applied to the Texas Commission on Environmental Quality (TCEQ) to renew Texas Pollutant Discharge Elimination System (TPDES) Permit No. TX0010247003 (TPDES No. TX0112144) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 0.009 gallons per day. The domestic wastewater facility is located adjacent to Old Perros Lake at the dead end of a controlled access city-owned dirt road, 2.800 feet east of Farm to Market Road 410 and 1.540 feet north of the Perros city limits in Clay County, Texas 76737. The discharge route is from the plant site to a waste channel to the Lake O'Leary (Petros Lakes of Perros Reservoirs) then to an unnamed tributary of Hay Creek, thence to Hay Creek, thence to the Wichita River below Overton Lake. TCEQ received that application on May 2, 2014. The permit application is available for viewing and copying at Petros City Hall, 109 South Central Highway, Petros, Texas. (The link to an electronic copy of the site or facility's general location is provided as a public courtesy and not part of the application or permit application. <http://www.tceq.texas.gov/permit/tpdes/tpdes.html>.)

ADDITIONAL NOTICE: The TCEQ Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Executive Director's preliminary decision will be published and mailed to those who are on the contactable mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

PUBLIC COMMENT / PUBLIC MEETING: You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting on 06/11/2014. The Executive Director determines that there is a significant degree of public interest in the application as it is required by a local legislature. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING: After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property or facility relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; and the statement "[I/we] request a contested case hearing." If the request for a contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence, identify the individual member of the group who would be adversely affected by the proposed facility or activity; provide the information described above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will issue the application and any requests for reconsideration or for a contested case hearing to the TCEQ commissioners for their consideration at a scheduled Commission meeting.

The Commission will only grant a contested case hearing on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised in timely filed comments that were not subsequently withdrawn. TCEQ may not use an application to request a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

MAILING LIST: If you submit public comments or request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application. Applications on certain future public issues included by the Office of the Chief Clerk. In addition, you may request to be placed on (1) the permanent mailing list for a specific applicant name and permit number; and (2) the mailing list for specific counties. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION: All written public comments and requests must be submitted to the Office of the Chief Clerk, 505 TCEQ P.O. Box 13687, Austin, TX 78713-1687 or electronically at www.tceq.texas.gov/submit/comments.html. If you need more information about this permit application or the permitting process, please call TCEQ Public Education Program, Toll Free, at 1-800-647-6040. Send information on TCEQ public hearing at 1-800-647-6040. General information about TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from City of Petros at the address stated above or by calling The Honorable Bill Holmberg, Mayor, at 940-524-1314.

Issuance Date: June 4, 2014
