Good morning. I apologize for the delayed response. Yes a technician goes out to do a full install on the Uverse internet at no cost. They bring the modem and set it up.

Roxanna,

Also, if they agree that they want to accept the verbal commitment then what is the next step. Will someone need to come to our office and install the new internet? Will there need to be any new equipment to purchase?

Sherri

Sherri,
Good afternoon. Unfortunately there is no written contract. This is all a 1 year verbal commitment.

Thank you,

Roxanna Ruiz

Subject: RE: Account 940-538-5653-891-9

Roxanna,

My county judge and commissioners agreed to the attached quote. They would like you to send them a contract. The Contract will be between AT&T and Clay County. The contract needs to be to them by November 21st so they can approve it at their next commissioners court. The contract can either be emailed to me or mailed to the one of the addresses below but please keep me in the loop as to where it will be sent so I can check to make sure it got there.

The billing address will be Clay County, attn: County Treasurer, Clay County Courthouse Annex, 214 N. Main, Henrietta, Texas 76365.

The physical address of this account will be Texas A&M AgriLife Extension Service, Clay County, 210 W. Ikard, Suite B, Henrietta, Texas 76365. Please make sure the phone book lists these phone numbers 940-538-5042 and 940-538-5052 as "Clay County – Texas A&M AgriLife Extension Service".

I can be your contact person on the physical location (Sherri Halsell 940- 538-5042). Judge Kenneth Liggett (940-538 4651) or Debra Alexander (940-538-5911) will be the contact person on billing and other matters.

If you have any questions please give me a call.

Sincerely,
Sherri

Subject: RE: Account 940-538-5653-891-9

Roxanna,

Ok, here is where we are now. My county commissioners would like AT&T to put something in writing that AT&T can take over the existing phone lines and provide my office with 3 lines and u-verse internet. I will need this by October 24th so the commissioners can look it over and vote to approve it at their next meeting.

My office information and physical address:
Texas A&M AgriLife Extension Service
Clay County
210 W. Ikard, Suite B
Henrietta, Texas 76365

Billing address:
Clay County
County Treasurer
214 N. Main Street
Henrietta, Texas 76365

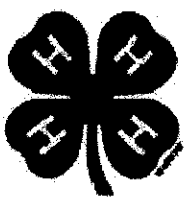

1 year contract: (the bundle that you and I talked about)
u-verse internet (static ips may be needed, I am still trying to find out if we need it with our big printer)
3 phone lines (940-538-5653 existing, and takeover 940-538-5042 and 940-538-5052 from NTS)
long distance
Contract will be with Clay County Commissions

Call me if you have any questions.

Sherri,
Good afternoon! I apologize I'm just now getting back to you. So the static ips would be \$15 more a month. It's 1 year terms only but what we do is send you out a reminder notice 90 days prior to the date it expires so that you can call back to renew the term or we may even have some different bundle promotion that is better at that time.

I called and left a message but I will try calling you again. Please don't hesitate to contact me for anything else.

Thank you,

Subject: Account 940-538-5653-891-9

Roxanna,

I visited with you earlier about bundling my account and adding two lines. I had a question about the static IP that I needed to talk to our computer specialist about. I have found out that I do not need the Static IP.

I do have a question about the bundle. You said it would be \$170.00 plus taxes for a One Year contract to have the 3 phone lines, and u-verse internet and unlimited long distance. Does that mean that after the one year is up the cost will also go up? Can I make it a 2 year contract – would it save more money?
