7. Remote Diagnostics – Customer agrees to provide a method for Vista Com service personnel to access the recording equipment remotely in order to adhere to stated service level response. Remote connection can be accomplished in one of the following suggested methods
- Dial-Up Modem – customer will furnish a standard POTS telephone line connected to a Vista Com furnished modem
 - Internet Access – customer will provide access to the recorder via an Internet connection
 - Supervised, Non-Supervised – at the customer's discretion, the linkage to Vista Com service personnel can be connected at time of need as opposed to full time

8. Service Level Agreement – Vista Com will respond to service events depending upon service level need.

Service Level 1:

A production Product is unusable, is causing data loss/corruption, or fails catastrophically in response to internal error or user error (e.g., unable to record or archive on a significant number of channels).

Service Level 2:

Important Product features do not function in accordance with the Documentation (e.g., unable to playback).

Service Level 3:

Minor impact to a Product that restricts use of features and functionality of the Product; any how-to/help requests; any Documentation error; non-critical activity log messages.
