Judge Liggett,

Below is a portion of the minutes from the CCMH Board of Manager's meeting held April 25, 2016 in which it was approved by the Board to remove a piece of old radiology equipment from the CCMH equipment list to salvage and dispose of it. This is line item #728 Processor Kodak CR500 (value \$5,000) and line item # 745 IBM KB0225 computer/keyboard/mouse (value \$300). Please present this to the Commissioners for their review, consideration and approval.

~~Current Business: The Chair opened the floor for Current Business.~~

~~1) → Equipment Disposal: Jeff Huskey, CEO Request the Board's approval to remove a piece of old radiology equipment off the equipment list to salvage and dispose of it. The item is the CR which used to read old x-ray films. It has no harmful/dangerous components that require special disposal procedures.~~

~~David Greer moved that the Board approve the removal of the CR from the equipment inventory and placed in salvage; Deborah Clark seconded. The motion carried. A letter will be sent to County Commissioners requesting this item be removed from the hospital's equipment list.~~
