Terms and Conditions

BY SIGNATURE ABOVE, I certify that I am the owner or owner's agent, and authorize Warren CAT, its employees, subcontractors or consultants to perform the inspection, maintenance or repairs described above to include the provision and use of necessary materials required to accomplish the described work scope. I further authorize Warren CAT to operate the equipment, or any part therein described for the purpose of testing and/or inspection. I understand that payment for all work performed is due in full upon completion.

Upon acceptance, this quote becomes a legal agreement between you (either an individual or the entity you are authorized to represent) and Warren CAT. Further, signing certifies the information provided is true and correct, and that the signer is authorized to charge this purchase as noted. Warren CAT reserves the right to reject a partial or modified quote. You may cancel an accepted quote until the work is started. Once started, work may be stopped at anytime. Partially completed work will be billed based on Time and Materials at Warren CAT's prevailing rate. Additional handling and storage fees may apply to work partially completed or work temporarily put on hold.

EQUIPMENT HAVING INSTALLED FIRE SUPPRESSANT SYSTEMS: During course of repair work it may become necessary to deactivate or disturb mechanical and/or electrical components of the fire suppression system. Reactivation of the fire suppressant system is the responsibility of the customer and should be undertaken before machine operations. Warren CAT accepts no responsibility for the reactivation, testing or operation of the fire suppressant system.

STANDARD WARRANTY: Parts for this repair are warranted as indicated by the manufacturer from the date of invoice. In addition, Warren CAT's standard labor warranty of 90 days will apply. Full warranty statements, including limitations and exclusions, are available from any Warren CAT facility. Ask your service representative about additional or enhanced warranty availability.

THESE WARRANTIES ARE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS OF PURPOSE. REMEDIES FOR THESE WARRANTIES ARE LIMITED TO THE PROVISION OF MATERIAL AND SERVICES AS SPECIFIED HEREIN. IN NO EVENT WILL EITHER CATRPILLAR OR WARREN CAT BE RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

CORE CHARGES: Core charges will be returned to customer upon acceptance of the core by Caterpillar.

OVERTIME: Overtime can be added at customers request charged at Warren CAT's prevailing overtime rate.

PARTS POLICY: This quote does not include any un-salvageable parts. Parts will be set aside for customer approval before replacement.

TURNAROUND TIME: Warren CAT will not be responsible for circumstances outside of its control. If delays are experienced, the customer will be contacted. In no event will Warren CAT or subsidiaries be liable for any direct or indirect damages (including, without limitation, lost profits, lost savings or other incidental or consequential damages) arising out of the use or inability to use the machine, even if Warren CAT or subsidiaries has been advised of the possibility of such loss.

Parts Summary

Warren CAT appreciates the opportunity of quoting the below Customer Support Agreement (CSA) on your standby generator(s) located in Wichita Falls, Texas. The requested scope of work to be performed includes an initial PM2 service followed six months with a PM1. You will only be charged for each service being performed, not one large total. Because we believe that both services can be completed in one day, this quote reflects a discounted travel charge.

- Perform PM2 Initial
- Perform PM1 Six Months Later
- Travel - 2 trips
- Location - Wichita Falls, Texas

PM1 - A PM1 includes a visual inspection of the unit including cooling system, fuel system, starting system, control panel, engine monitors & safety controls. Any system(s) and/or component(s) issues will be noted in the inspection report and provided back to the customer upon completion of service. In addition, an oil sample will be obtained from the unit and a report will be provided to the customer electronically upon final analysis. In the event that the customer would like to make necessary repairs as outlined in the inspection report, Warren CAT will provide a quote upon customer request.

PM2 - A PM2 includes all PM1 services in addition to oil & filter change, secondary fuel filter change, primary fuel filter change (or cleaning), clean breather, test batteries, clean terminals, obtain a coolant sample analysis, and add coolant additive (if necessary). Load Bank - This purpose of a load bank test is to accurately mimic the operational or "real" load that the generator will see in actual application in order to ensure that it operates properly during a planned/unplanned power outage

PM 3- Includes PM1 and PM2, with addition of valve adjustment, injector height adjustment, replacement of coolant, radiator hoses, fan & alternator belts, thermostats, air filters, batteries, take Level II coolant sample.
