SUBJECT: ANNEX DOOR ACCESS & VIDEO INTERCOM

Commercial & Industrial Electronics, Inc. (hereinafter referred to as C&I) proposes to furnish equipment and labor for the system as specified below. Taxes are not included in the pricing and, if required, would be at an additional cost.

All work will be performed in a workman like manner according to standard practices. Any alteration or deviation from specifications below or variation from plans and architectural specifications must be made on a written change order. All agreements are contingent upon strikes, accidents, weather, or any delay beyond the control of C&I. C&I shall cover all employees with workman's compensation insurance and general liability property insurance of which a copy of coverage will be supplied upon request.

Scope of Work:

- Install one (1) Magnetic lock w/ proximity reader (Room 120)
- Install one (1) Video Door Station with Intercom
- Install one (1) 7" Video master station with touch screen door release (located at desk)
- Install one (1) Push to Exit Button
- Labor, wire and miscellaneous

TOTAL: \$2,865.00 plus tax (if applicable)

Note: The quoted door will connect to open port on existing DSX Control Panel.

*COURT HOUSE SECURITY
19-720-501*

Exclusions include:

1. A/C circuit(s) (required).
2. No paint or patch work is included in this proposal.
3. Work with asbestos or any other materials that require special handling.
4. No taxes are included and, if required, will be at additional cost.

Authorized C&I Signature: _____

David Norman, Security Systems Consultant
