Re: 2020-2021 CRF Operation Connectivity Bulk-Purchase Local Match Reimbursement
Program

In support of and on behalf of Bellevue ISD and the City of Bellevue, the city of Bellevue is requesting a total sum of \$9,983.10. The city will be a flow through entity on the behalf of Bellevue ISD.

The intent and purpose of this CRF funding is to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions and for developing online learning capabilities necessary to continue educational instruction in response to COVID-19 related school closures. The school is also recovering 25% of the expenditures associated with extra pay and expenses for supplies incurred during the school closing between March 13th and May 20th of this year.

As part of the application process, Bellevue was required to upload documentation reflecting that the City of Bellevue pledged funds for the bulk-purchase local match. The City of Bellevue passed the pledge award to Bellevue ISD during the September 14th city council meeting.

Upon the County Commissioner's Court voting to approve the designation of CRF funds as allowed by the Texas Education Agency and the Coronavirus Relief Fund, please sign below designating this document as official communication of the approval.

On this 28th day of September, 2020, the County Commissioners Court of Clay County Texas voted and approved to allocate CRF funds in the amount of \$9,983.10 to the City of Bellevue.

I certify this allocation to be true and correct.

Mike Campbell, Clay County Judge
