Exhibit A Terms and Conditions

EXCLUSIVE TERMS OF SALE

The equipment ("Equipment") and all other goods and services ("Goods and Services") described in this quotation are offered by Shimadzu Medical Systems, Inc ("Shimadzu") only on the following terms and conditions. Any additional or different terms or conditions stated in any purchase order, acknowledgement, or other document issued by Customer in connection with this quotation will have no effect and will not under any circumstances be binding on Shimadzu unless specifically accepted in writing by the President or any Vice President of Shimadzu.

Customer's signature on this quotation constitutes an agreement (1) that this quotation states the exclusive terms and conditions of the contract of sale of the Equipment and other Goods and Services to Customer and (2) that any contemporaneous or subsequent references by the parties to Customer's purchase order, acknowledgement, or other document will be effective only for Customer's administrative purposes (e.g., tracking Customer's purchases through purchase order numbers assigned by Customer's purchasing or accounting personnel).

This quotation supersedes all previous Shimadzu quotations with respect to the Equipment and other Goods and Services. There are no written or oral agreements, statements, representations, or understandings which shall in any way relate to, affect, or control the validity or enforcement of these terms and conditions, except as expressly provided herein.

All sales are subject to Shimadzu management review and approval of credit and finance matters and any terms or descriptions included in this quotation by Shimadzu representatives. Shimadzu accepts Customer's down payment(s) without prejudice and subject to the foregoing rights and approvals. Down payment(s) will be refunded without interest if approval is not granted.

PRICE AND PAYMENT TERMS

The price quoted includes installation of the Equipment at the location specified on the face of this quotation. Unless otherwise indicated, the price also includes transportation of the Equipment and other Goods and Services from Shimadzu to such location. The price does not include (1) any taxes or duties (including without limitation all sales taxes on the Equipment, other Goods and Services, and freight) or (2) any handling, rigging, uncrating, storage, or other charges incidental to shipment, delivery, or installation of the Equipment or Goods and Services.

If installation of the Equipment, for any reason beyond the control of Shimadzu, is not completed within one year of the date of this quotation, then for each month (or fraction thereof) during which installation thereafter remains incomplete, the price of the Equipment and the other Goods and Services will be increased by one half percent (.5%) until installation is completed. If installation is not completed within 24 months of the date of this quotation, either (1) the price of the Equipment and other Goods and Services will be adjusted to include any increase in Shimadzu's then-current list price(s) or (2) Shimadzu may terminate this agreement without any further liability. All payments due under this paragraph are in addition to any other payments due under other terms and conditions.

If this quotation covers Equipment and other Goods and Services for more than one system, room, suite, or location, each such system, room, suite, or location will be treated as if it were the subject of a separate sale. At the time of each shipment hereunder, Shimadzu will prepare an invoice showing the price of the Equipment and other Goods and Services shipped or provided. The amount of such invoice will be paid by Customer according to the payment terms stated herein. If separate prices are not stated in this quotation for each such system, room, suite, or location, the amount to be shown in each of Shimadzu's invoice(s) with respect to such shipment(s) will be determined by multiplying the total contract price by a fraction, the numerator of which will be the higher of (1) Shimadzu's list price(s) as of the date of this quotation and (2) Shimadzu's then-current list price(s) for the Equipment and other Goods and Services identified in the invoice(s), and the denominator of which will be the total list price(s) for all of the Equipment and other Goods and Services identified in this quotation.

SHIPPING AND DELIVERY TERMS

All terms are F.O.B. place of shipment, freight prepaid and allowed. Title and risk of loss will pass to Customer upon shipment and Customer will provide insurance against such risk. Equipment will be shipped to the address indicated on the face of this quotation. Shipping dates are subject to revision by Shimadzu to adjust for future production schedule requirements.

Delivery is subject to availability and lead times required by Shimadzu's production schedule. Delivery for purposes hereof is deemed to have occurred on the earlier of the actual date of delivery or ten (10) days from the date of shipment.

Customer may request reasonable delays of the scheduled shipping date established by Shimadzu prior to the date the Equipment is shipped, provided that Customer submits its request to Shimadzu in writing at least 45 days before the scheduled shipping date, and Shimadzu consents in writing to the date requested by Customer. Shimadzu's consent will not be withheld unreasonably, but Shimadzu may (1) refuse to honor any request for delay received within 45 days of the scheduled shipping date, (2) store the Equipment at Customer's expense if Customer is unable to accept delivery on the original scheduled shipping date (or any rescheduled shipping date), and (3) invoice Customer for the Equipment as if it had been shipped on the original scheduled shipping date (and Customer will pay such invoice immediately upon receipt). If any request for delay in shipment is honored by Shimadzu, the price of the Equipment is subject to adjustment in accordance with the other terms and conditions hereof.

Shimadzu has not authorized any employee or agent to offer any shipping or delivery terms other than those appearing above.

SITE PREPARATION AND INSTALLATION

All down payments and progress payments will have been made and all applicable license agreements will have been signed by Customer before installation of the Equipment will commence.

Except as otherwise expressly provided in this section, Customer is responsible for preparing its site for installation of the Equipment. Full, free, and immediate access to the installation site (and a suitable and safe space for storage of the Equipment before installation) will be provided by Customer. Customer is responsible for having the Equipment moved from its point of delivery to the installation site. Any scaffolding, platforms, lifting equipment, rigging, building alterations, climate controls, power supplies, electrical circuits, safety switches, power outlets, conduits, wiring, structural support, utilities, plumbing, carpentry, or other work

required by any applicable laws or by Shimadzu in connection with the installation of the Equipment will be provided by Customer at its own expense.

If trade unions or other third parties interfere with (or threaten to interfere with) the installation of the Equipment by Shimadzu employees, Customer is responsible for making any necessary arrangements with such parties to permit completion of the installation, all at Customer's expense.

If members of trade unions for any reason are required to install the Equipment, Shimadzu's obligation will be limited to providing engineering supervision of the installation activities.

SHIMADZU OFFERS NO WARRANTY AND ASSUMES NO LIABILITY FOR THE FITNESS OR ADEQUACY OF THE PREMISES (OR THE UTILITIES AVAILABLE AT THE PREMISES) IN WHICH THE EQUIPMENT IS TO BE INSTALLED, USED, OR STORED. CUSTOMER AGREES TO INDEMNIFY AND HOLD SHIMADZU HARMLESS AGAINST ANY LOSS, DAMAGE, OR CLAIM ARISING OUT OF THE CONDITION OF SUCH PREMISES (OR UTILITIES).

The equipment will be installed during normal working hours, Monday to Friday, excluding National holidays. Installation services include (1) connecting the equipment to safety switches and power outlets provided and installed by Customer prior to delivery of the Equipment and (2) testing the Equipment after installation to verify compliance with Shimadzu's published performance specifications. Installation will be considered complete for the purposes hereof upon Customer's first use of the Equipment or upon Shimadzu's verification that the Equipment substantially complies with Shimadzu's published performance specifications (Shimadzu's final invoice constituting confirmation of the same), whichever occurs first. For the purpose of commencement of any applicable warranty period, Shimadzu will maintain records reflecting the actual date installation is completed, and upon request Shimadzu will furnish Customer with written confirmation of such date.

The price includes standard installation services only. Any additional time required or delay(s) experienced in installing the Equipment resulting from the condition or location of the premises, the condition or location of power supplies, outlets, switches, conduits, wiring, or circuits, delay(s) in completing site preparation, or any similar or dissimilar cause(s) will be at Customer's own expense. Any labor in excess of standard installation services and any overtime incurred by Shimadzu employees in respect of such additional time required or delay(s) experienced (as well as any extra labor or overtime work performed at the request of Customer) will be invoiced to and paid by Customer at then-prevailing Shimadzu demand service rates.

Customer is responsible for obtaining all Government approvals required for the purchase, installation, and use of the Equipment, including without limitation any certificate of need and zoning variances. Customer will complete all such activities diligently, will keep Shimadzu notified periodically of the results of its efforts, and upon request will provide Shimadzu with written confirmation of such approvals.

Shimadzu has not authorized any employee or agent to offer any site preparation or installation terms other than those appearing above. The provisions of this section may be superseded only by supplemental terms and conditions ("Construction Terms") under which Shimadzu agrees to design and construct facilities into which the Equipment is to be installed. In such event, the provisions of this section will be considered as supplemental to the Construction Terms, and to the extent of any conflict between the terms and conditions of this section and the Construction Terms, the Construction Terms will govern.

DEFERRED INSTALLATION

If installation (or commencement of installation) is delayed for reasons beyond the control of Shimadzu (including without limitation Customer's not having completed site preparation requirements stated in the previous section), Shimadzu may place the Equipment in storage (in Shimadzu's facility or in a warehouse) at Customer's expense. Storage charges will be billed to Customer monthly, and Customer will pay all such invoices upon receipt. Customer also will continue to make all progress payments which may become due under the terms and conditions of this agreement during the period installation is deferred. If such a delay lasts for a period of thirty (30) days following initial delivery, Customer will pay Shimadzu one-half (1/2) of any balance due. If such delay continues beyond one hundred and eighty (180) days after delivery, Customer will pay Shimadzu the remaining balance due.

CREDIT TERMS, SECURITY AGREEMENT, AND CUSTOMER DEFAULT

Shimadzu may establish or change the credit and payment terms extended to Customer when Shimadzu's sole opinion of Customer's financial condition or previous payment record warrants such action, and Customer's signature on this quotation constitutes an agreement to honor the credit and payment terms so established or changed. Customer will provide promptly upon request such financial information as may be reasonably required by Shimadzu to complete its credit review of Customer.

In signing this quotation, Customer grants to Shimadzu a purchase money security interest in all of the Equipment identified herein until all payments for the Equipment have been received by Shimadzu. Customer agrees to secure, to sign, and to deliver such promissory notes, security agreements, financing statements, landlord and mortgagee waivers, and other documents as may be required by Shimadzu, or by any of Shimadzu's assignees, to evidence or to perfect the security interest in the Equipment (if the Equipment is to be delivered to Louisiana, Customer hereby grants to Shimadzu, and to Shimadzu's assignees, a vendor's lien against Equipment and agrees to sign such documents as may be required to record such lien) Where permitted by applicable law, Customer's signature on this quotation constitutes authorization for the employees or agents of Shimadzu, or of Shimadzu's assignees, to execute and file financing statements (and any amendments thereto) and other documents on behalf of Customer in order to perfect the security interest in the Equipment. As long as any balance is due hereunder, Customer further agrees that the Equipment will not be removed from the location specified on the face of this quotation without the prior written consent of the President or any Vice President of Shimadzu (or Shimadzu's assignees).

If Customer does not pay any amount when due or does not meet any other obligation hereunder, then (in addition to any other remedies available at law or in equity) Shimadzu may accelerate any balance due and require immediate payment thereof, may enter Customer's premises peacefully and render the Equipment inoperable, may repossess the Equipment, and may resell the Equipment. The net proceeds of any such resale, after Shimadzu's costs of repossessing, removing, transporting, reconditioning, storing, and reselling the Equipment, and all other associated costs, will be applied to the unpaid balance owed by Customer. Customer will remain liable for any deficiency which remains after such resale, and Shimadzu will return the Customer all net proceeds in excess of Customer's unpaid balance.

With respect to any delinquent payment(s), Customer agrees to pay a finance charge at the rate of one and one-half percent (1 1/2 %) per month computed from the date each delinquent payment or accelerated balance shall have become due. Furthermore, in any action initiated to enforce the terms of this agreement following Customer's default, Shimadzu shall recover as part of its damages all costs, expenses, and attorney fees incurred in connection with such action.

Upon timely receipt of Customer's written notice, Shimadzu will assume the defense of any claims against Customer. Customer agrees to cooperate with Shimadzu in the defense or settlement of all such claims.

Shimadzu shall not be bound by the terms of any compromise or settlement agreement negotiated or concluded by Customer without the prior written consent of the President or any Vice President of Shimadzu.

The terms of this section will not apply in the event of any sale or other transfer of the Equipment by Customer or to the extent of any use of the Equipment in combination with products or devices not furnished by Shimadzu.

Shimadzu has not authorized any employee or agent to offer any patent indemnity terms other than those appearing above.

Customer will take such steps as may be reasonably required to preserve the confidentiality of all proprietary information referenced in this section (and all other proprietary information which Customer may acquire) and to cause any employees, agents, representatives, or other persons to whom such proprietary information is disclosed to abide by the terms and conditions of this section as if each were a party hereto. Customer will restrict the dissemination of proprietary information to only those persons who are assigned to operate or use the Equipment and for whom access to such proprietary information is necessary in the performance of their duties.
