3. Term & Automatic Renewal. The Agreement Term is 3 years, starting on June 1, 2024 and ending on May 31, 2027, and the agreement will automatically renew for an identical term, unless the County cancels in writing before the end of the original term.
4. Additional Equipment. The County may buy more equipment anytime. All prices subject to change.

The Security Inspection and Standard Rounds functions will temporarily continue to operate with no connection by locally storing data and uploading it when a connection is restored. With no connection though, there will be false and unreliable alerts and neither devices nor the website will update until a connection is restored.
16. Online Tech Support. LCS will provide technical support free of charge online.
17. No Responsibility to Monitor. LCS has no responsibility to monitor inmates or review the County's data and will not act due to alerts or late checks. The County retains all responsibility and assumes all liability for facility safety, officer safety, inmate safety, and legal compliance, and the County shall fully indemnify LCS for any claims, damages, judgements, and costs (including LCS's reasonable attorneys' fees) arising in any way from the County's use of LCS technology.
