SUBJECT: DOOR ACCESS FOR ELECTIONS OFFICE (OPTION #2)

Commercial & Industrial Electronics, Inc. (hereinafter referred to as C&I) proposes to furnish equipment and labor for the system as specified below. Taxes are not included in the pricing and, if required, would be at an additional cost.

All work will be performed in a workman like manner according to standard practices. Any alteration or deviation from specifications below or variation from plans and architectural specifications must be made on a written change order. All agreements are contingent upon strikes, accidents, weather, or any delay beyond the control of C&I. C&I shall cover all employees with workman's compensation insurance and general liability property insurance of which a copy of coverage will be supplied upon request.

Scope of Work:

- Install one (1) DSX 1042 2-Door Control Panel (can accommodate up to eight doors w/ expansion cards)
- Install two (2) DSX 1042 Cards (2-door Expansion Card)
- Install five (5) Exit Request Buttons
- Install five (5) HID Card Readers
- Install five (5) Mag Locks
- Install one (1) Power supply w/ battery backup
- Connect to existing DSX network module
- Labor, cable and miscellaneous

TOTAL: \$13,275.00 plus tax (if applicable)

Exclusions include:

1. A/C circuit(s) (required).
2. Door Hardware such as such as closures, crash bars, etc....
3. No paint or patch work is included in this proposal.
4. Work with asbestos or any other materials that require special handling.
5. No taxes are included and, if required, will be at additional cost.

Authorized C&I Signature: _____

David Norman, Security Systems Consultant
