We have three goals for this partnership.

- Demonstrate a high standard of service and support
- Show what makes Vested Networks the best choice for you
- Provide Clay County, TX an incalculable value

Our first goal is not just equipping Clay County, TX with an advanced business phone solution, but also to revolutionize your daily operations with unparalleled support. Imagine a day where every call flows seamlessly, where your team connects without a hitch, and your operations run free from interruptions or downtime. That's the commitment we bring to you. With Vested Networks, you're not just getting a phone solution. You're unlocking a promise of endless support, reliability, and a solution that grows right alongside you. Our team tailors a solution that's just right for you – and then some.

Our second goal is to provide Clay County, TX with world-class managed business phone service. Excellence in phone services is our baseline, but we aim higher. Quality, personalized support, and effectiveness are the pillars that we offer. Today, we're excited to demonstrate why we're the provider that doesn't just meet expectations but exceeds them.

Our third goal is to provide a strategic ally, guiding you with forward-thinking leadership and a vision that's built for the long haul. Our partnership will be dynamic and proactive, addressing your phone service needs with innovative, technology-driven solutions at every turn. At Vested Networks, we're not just following the industry trends—we're setting them. Our team is made up of the brightest

SUMMARY

minds who are relentlessly exploring and embracing the future of phone system technology. We don't just adapt; we innovate, challenging the conventional and striving to elevate our industry for the better.

NUMBER PORTING

Letter of Agency (LOA)

Authorization for Number Transfer & Porting & Toll Free RESPORG ID: IDL01

IMPORTANT: DO NOT CANCEL current phone service!!!

Please wait until you receive notice that your numbers have completed the porting process and are fully active with Vested Networks.

Canceling ahead of time will cause you to lose your phone number(s). Avoid the headache and wait for further instructions. Upon port completion, Vested Networks porting team will test all numbers and notify about next steps.

By signing below, I understand that I am granting Vested Networks the authority to communicate with my current telephone service provider as well as complete any and all paperwork on my behalf in order to port my phone number(s) away from my current telephone service provider to Vested Networks. I understand that either my electronic or written signature of this request may be accepted. I agree to send Vested Networks a current telephone bill copy as described at the top of this form. I understand that, while not common, my current telephone service provider may assign a charge for porting away, and that I will be responsible to handle any such charges through dispute or payment. I understand that I will be informed if my number is not portable to Vested Networks. I understand that the standard porting time is between five (5) to fifteen (15) business days, and that porting of my number is dependent upon release of my number(s) from my current carrier. The grid below is for internal use only.

5 ACCEPTANCE

Purchase Terms

Equipment & onboarding included with 36-60 month terms.

Vested Networks 0-Down powered by partner finance service agreement. A \$100 doc fee assessed at startup.
